# MOHAMED RIZWAN

## BigData & Data science Intern

I am a dedicated and passionate professional persuing a career in data science with strong background in mathematics and programming. I am driven by my curiosity to uncover meaningful insights and make data driven decisions. My goal is to leverage my skills and expertise to solve complex problems and drive innovation in the field of data science.

## Education

● **MSc Mathematics**
University of calicut
2020-2022
MAMO College, calicut.

● **BSc mathematics**
University of calicut
2016-2019
CKG Govt. College, calicut.

● **Higher Secondary(science)**
KKMGHSS Orkattery (kerala HSE)

● **SSLC**
Rani public school ( CBSE )

## Experience

● Bigdata & Data science intern

● Luminar technolab

Acquiring proficient knwoledge in statistics Mathematics, and Analytics
Gathering knowledge in python and its libraries- NUMPY, PANDAS, MATPLOTLIB, SEABORN.
Bigdata storage using hadoop
BigData processing using hadoop and spark
Hands on experience in Hadoop ecosystem and different framework inside it - HDFS, SQOOP, PIG, HIVE

Implimenting diverse projects that involve extracting cleaning and transforming large data sets, building predictive models and conducting in depth exploratory data analysis

To predict the data set using machine learning algorithms.

## Language

English

Malayalam

Hindi

## Hard skill

Python
machine learning
artificial intelligence
statistical analysis
Hadoop
pig
sql
sqoop
Hive
Spark

## Soft skill

Observation
Decision making
Communication
Project management
problem solving
critical thinking
